- ✓ Gently Pasteurized to maximize freshness and ensure food safety
- ✓ We use Grade A citrus from the best growing regions
- ✓ Year-round product consistency
- ✓ No sugar, artificial ingredients or preservatives are added
- ✓ All-natural, clean label
- ✓ Kosher certified and non-GMO
- ✓ Application and technical support resources available

Product Technical Specification Sheets and Storage & Handling Guide available upon request.

Our comprehensive quality assurance program adheres to recognized industry standards.

Our proprietary gentle pasteurization method retains fresh-squeezed flavor while providing food safety assurance and a longer shelf life

Fully-equipped analytical and microbiological laboratories with an experienced, professional QA staff

Food Safety and Product Certifications

NATIONAL MANUFACTURING & DISTRIBUTION

Providing Important Commercial Advantages & Distinguishing Ourselves from the Competition

National manufacturing and distribution; capable of producing the same products in multiple locations.

Supply chain capabilities to produce and ship refrigerated and frozen products.

Sophisticated nationwide crossdock network:

Optimizes distribution closer to end-points

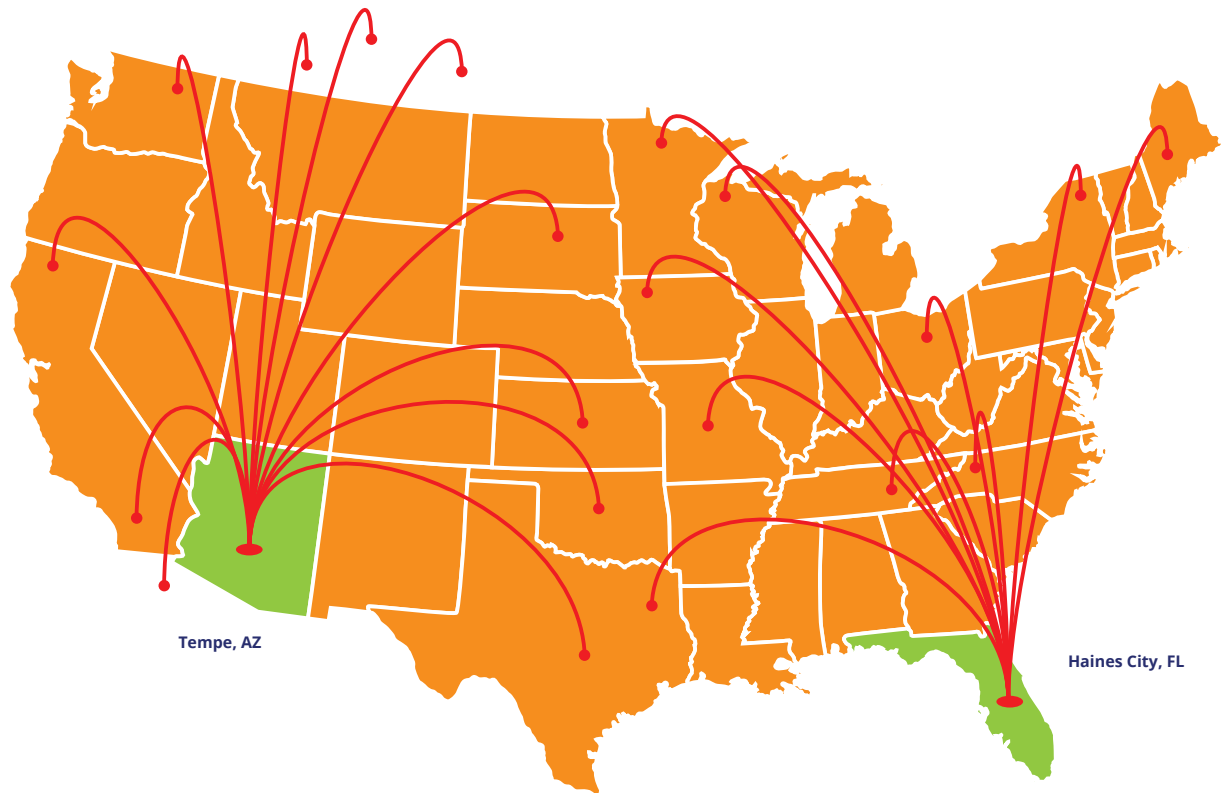

Reduces shipping time to point-of-sale

Maximizes product shelf-life

Ability to better service broadline distributors

Efficiency for logistics

Continuity of supply & contingency planning

NOT FROM CONCENTRATE
