- Optimize Cost (Profit)
- Adaptable - Stay on Trend
- Versatile - Multiple Beverage and Culinary Applications

LEMONADE FLAVOR VARIATIONS

'Keep it Simple' Applications

Combine Sun Orchard Lemonades with readily available syrups, purees, powders, or extracts/tinctures to introduce variety and maintain premium offerings, while minimizing labor inputs and avoiding seasonal sourcing challenges.

'From-Scratch' Applications

Combine Sun Orchard Lemonades with fresh components like seasonal produce, juices, herbs, or spices to craft all-natural beverages that deliver a from-scratch experience that pique consumer interest and offer menu claim advantages.
